

**B-26 MARAUDER**  
**AMT 1/48 SCALE KIT**  
**MODEL BY MIKE ASHEY**

This kit was built using Eduard's prepainted photoetch cockpit set and seatbelts.. The engines were enhanced with scratchbuilt parts and parts from other models. The model was painted using Testors enamel and metalizer paints and the decals are from Microscale. Be sure to read the extensive article on building this kit.
