

**MIKE ASHEY
PRODUCTIONS**

**1/350 SCALE USS QUINCY CA-39
MANUFACTURER : CLASSIC WARSHIPS
MODEL BUILT BY : MIKE ASHEY**

**KIT DESCRIPTION
AND
BUILDING NOTES**

The model depicts the heavy cruiser USS Quincy, CA – 39 as she appeared during the battle of Savo Island in August of 1942.

The model is a resin, white metal and brass photoetch kit designed and manufactured by Classic Warships. The kit's resin and white metal parts were well cast with no voids or distorted parts. The kit was painted with Testors model master enamel paints. The camouflage pattern was achieved using carefully cut out shapes from masking tape. Reference material included the Classic Warships Pictorial book on New Orleans Class Cruisers as well as black and white photos from the Floating Drydock.
